

PIZZA

Memory Game

With the help of an adult, cut out all the squares below. Find a friend to play with then turn the cards face down and lay in rows. Take turns turning over any two cards. If the two cards you turned over match, keep them and go again. If the two cards you turned over don't match, put them face down again. It's now your friend's turn. Use your memory to remember where the matching pizzas are placed. The player with the most pairs wins!
