

WHY DO SPIDERS MAKE WEBS?

Craft Activity

Give someone a fun fright with these cute spiders!

MATERIALS:

4 chenille stems
40 small pony beads
ruler
pom-pom
Glue
Googly eyes

1 Group the chenille stems together. Twist the stems together in the center.

2 Separate the ends of the chenille stems to form the spider's legs. Slide three beads onto each leg. Push the beads all the way to the twist in the middle.

3 Bend each leg 1 inch (2.5 cm) from the beads. Slide two beads on each leg up to the bend.

4 Glue the pom-pom to the center of the legs for the body. Glue googly eyes onto the pom-pom.
