

SPENDING AND SAVING MONEY

Immediate Want or Long-Term Want?

Imagine that you have \$10. There are many things that you want to buy. You can afford to buy some things now, but you can't buy everything. The things that you can buy now are immediate wants. The things that you have to save your money for are long-term wants. Sort these objects into the table below by immediate and long-term wants.

Immediate Want	Long-Term Want
sandals
