Lesson Plan

Delivery Driver Charades

Lesson Plan for *Delivery Drivers*

Grade 1

Objective

To help students identify the main topic and retell key details of a text.

Things Needed

- *Delivery Drivers* book
- A whiteboard
- A watch or clock with a second hand

Before the Activity

Read *Delivery Drivers* out loud to students. Write the following question on the whiteboard:

- What types of things do delivery drivers deliver?

Activity

Explain to students that you will do a group brainstorm about the question on the whiteboard. Ask students to raise their hands to give their answers. Write their answers on the whiteboard. Possible answers include: food, letters, packages, flowers, heavy boxes, newspapers, etc.

Then, explain to students that they will play a game. You will call one student to the front of the class and whisper an item to that student. The student will act out delivering that item. The rest of the class will try to guess what the student is delivering. The class will have 30 seconds to guess. You can complete several rounds of this activity, calling on new students to act each time.

Evaluation

Could students recall most of the key details about what delivery drivers deliver? Could they articulate what they remembered?

Standards

This lesson plan may be used to address the Common Core State Standards' reading standards for informational texts, grade 1 (RI 1.2).
