

WHY DO BIRDS FLY SOUTH FOR WINTER?

Bird Feeder Craft

Many people enjoy watching birds. The easiest way to attract them to your yard is to put up a bird feeder. Building a bird feeder is easy and fun! Hang your bird feeder near a window and enjoy watching your newfound friends!

Jug Feeder

You will need:

- an empty plastic milk jug, with the cap (a cardboard milk carton works, too)—make sure it's clean
- a good pair of scissors (ask an adult for help with cutting)
- a bag of raw sunflower seeds or any wild birdseed
- string

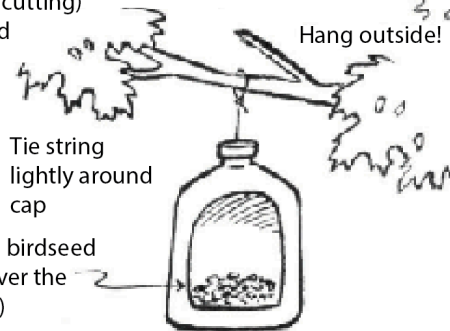

1

Cut away (first draw a line with a magic marker)
Discard this piece

Plastic milk jug with cap on

2

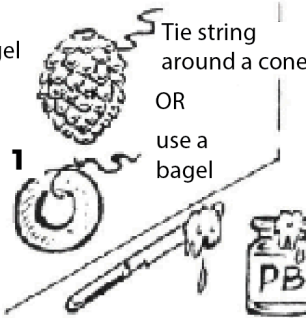

Tie string lightly around cap

Fill with birdseed (just cover the bottom)

Peanut Butter Treats

You will need:

- a pinecone or a stale bagel
- a jar of peanut butter, creamy or chunky style
- a butter knife
- string
- birdseed, as above

Tie string around a cone

OR
use a bagel

1

2 Spread peanut butter all over the cone or bagel

Then roll the whole thing in the seed—make sure it sticks!

3 Hang them on trees!
