

# WHY IS THE OCEAN SALTY?

## Art Project

Make a little piece of the ocean!

### MATERIALS:

2 paper plates  
scissors  
paint  
paintbrush  
craft foam  
glue  
googly eyes

- 1** Cut the center out of one paper plate. Paint the outside of it blue. Paint the inside of the other plate blue. Let the paint dry.
- 2** Cut shapes out of craft foam for the sand. Glue them to the inside of the paper plate with the hole.
- 3** Cut sea creatures and plants out of craft foam. Add stripes or other designs. Glue on googly eyes. Glue some of the shapes to the whole paper plate. Glue others inside the edges of the paper plate with the hole.
- 4** To make a fish seem to swim, glue a stack of craft foam pieces to the plate. Then glue the fish on top of the stack.
- 5** Glue the paper plate with the hole to the other paper plate. Let the glue dry.
