

THUNDERSTORMS

Art Project

Create your own thunderstorm!

MATERIALS:

| | |
|----------------------------------|--------------------|
| black and white tempera paint | construction paper |
| paintbrushes | scissors |
| white art paper | liquid glue |
| | paper plate |

- 1 Put some black and white paint on a paper plate.
- 2 Using a paintbrush, cover your white paper with black and white paint. Mix the two colors as much as you would like.
- 3 Cut out raindrops from a sheet of blue construction paper and lightning bolts from a sheet of yellow paper.
- 4 If your paint is still wet, you can press your raindrops and lightning bolts directly onto your paper and they will stay in place. If your paint is dry, use glue to attach them.
- 5 Let dry completely before hanging!
